Main Report  
Quarterly Report for the period January to March 2022 – Appendix A

#### **4. BACKGROUND**

- This is the fourth quarterly report for the 2021/22 financial year and covers the period January to March 2022. It is the fourth and final report for the transitional Police and Crime Plan which the Police and Crime Commissioner has published for the period from April 2021 to the end of March 2022. The quarterly reporting period in this report covers the time of Covid 19 Coronavirus Pandemic and the various associated restrictions imposed by the Government. This is impacting on some of the data used in this report as well as on the OPCC and partners' ways of working.
- The report is produced from the PCC's Police and Partner's performance framework. The performance framework is aimed at monitoring the performance and contributions of South Yorkshire Police (SYP), the OPCC and partners (including commissioned providers) in achieving the outcomes in the PCC's Police and Crime Plan. The framework has been updated to take account of The National Priorities for Policing that are specified by the Government in the National Crime and Policing Measures. The aim of the national measures is to complement existing local priorities set out in the South Yorkshire Police and Crime Plan. The Police and Crime Commissioner has included all national priorities in his current Police and Crime Plan.
- An additional quarterly statement on the contribution of South Yorkshire Police to achieving improvements against these national priorities is also included on the Police and Crime Commissioner's website.
- The OPCC is keen to have the right framework in place for reporting which will enable discussion about performance and how the PCC can help in influencing and supporting partner and OPCC activity.
