24. THE PCC'S POLICE AND CRIME PLAN FOR 2022-2025

A report was submitted which provided Members with the Commissioner’s draft Police and Crime Plan (Plan) for 2023-2025.

Dr Billings commented that when he was elected in 2014 South Yorkshire Police was not in a good place due to a number of issues including child exploitation in Rotherham and the Hillsborough disaster. The HMICFRS were critical of the force and had stated it required improvement. Chief Constable S Watson was appointed and over the 5 years in post the force had moved from ‘requires improvement’ to

'good' and this position had been maintained following the appointment of Chief Constable L Poultney who had the same clear visions and sense of purpose to maintain standards and also to take the force forward. The latest HMICFRS report commented that it is a good force and talked about it being ambitious and innovative.

The Commissioner informed the Panel that the latest Plan presented to members was around Working Together for a Safer South Yorkshire. It did not include revolutionary changes and he wanted the existing priorities to be maintained which had been the key to helping the force get to where it is today.

The PCC's draft plan re-stated the same overall priorities:

- Protecting Vulnerable People
- Tackling Crime and Anti-Social Behaviour
- Treating People Fairly

It was acknowledged that these priorities were against a difficult financial situation, and it would not be easy for the Force going forward. However, following consultation with members of the public regarding council tax increases and how much they would be willing to raise the precepts by for policing, it was a pleasant surprise that most were willing to pay more. This would result in the Chief Constable being able to keep their commitment to increase officer numbers.

The Commissioner reiterated to Members of the Panel that the key theme behind the plan was Working Together for a Safer South Yorkshire reflecting what had happened in the past year with the forefront concerns being around road safety and safer streets. It was recognised that the Police would not be able to carry out all duties as a single organisation, but that partnership working would be required for some priorities.

The Commissioner invited the Panel to comment on the Plan's contents and make any recommendations by 15 February 2023, to enable the Plan to be published in a timely manner.

The Panel raised the following key points:

- Mr Carratt asked whether it could be made more explicit that the Home Office sets precepts which ties the Forces hands in terms of the pay cost for police forces.
- Mr Carratt asked the Commissioner to consider the inclusion of child protection as a distinction that is broader than child exploitation.
- Mr Carratt commented that Clinical Commissioning Groups no longer existed so the wording would need updating to Integrated Care.
- Mr Carratt commented that the paragraph that speaks of the 'Operation Linden' talks about the victims feeling let down by individual officers and reflects their feelings but does not address what the PCC intends to do by it.

- Mr Carratt asked the Commissioner whether an explanation could be included in the plan as to why the funding for the Violence Reduction Unit decreases year on year.
- Mr Carratt asked the Commissioner whether it may be helpful to speak about the role of the PCC and how he is able to hold the Probation Service to account, following some recent failings.
- Mr Carratt asked that the membership of the Police and Crime Panel be updated to reflect that there will be 3 Independent (Co-opted) Members following today' meeting.
- Councillor Garbutt asked the Commissioner whether a commitment to studying what happens to victims post the reporting of domestic abuse as a lot of victims feel let down at that point.
- Councillor Garbutt asked the Commissioner whether more emphasis could be placed within the report on how rapes are dealt with and how they are carried forward.
- Councillor Moyes asked whether keeping people up to date with the progress of complaints no matter if they are the witnesses or victims, could be included.
- Councillor Baum-Dixon asked whether there could be more focus on rural crimes and their severity as there was a perception by the public that rural crimes were not taken as seriously.
- Councillor Garbutt raised a query as to whether the Road Safety Partnerships were under the four South Yorkshire districts now and not supported by the Local Authorities.

The Commissioner provided the Panel with detailed responses to the questions raised above and thanked them for their comments.

RESOLVED – That Members of the Police and Crime Panel:-

- i) Noted the contents of the PCC's new draft Plan.
- ii) Considered the new draft Plan and commented on the contents in a report and made recommendations.

25. PROPOSED COUNCIL TAX PRECEPT AND REVENUE BUDGET FOR 2023/24

A report of the Chief Finance Officer, OPCC was submitted to notify the Panel of the Commissioner's proposed Council Tax precept for 2023/24.

The Commissioner referred to the financially difficult year everyone would be facing. Funding for the Police came from 2 parts of government grants and council tax precepts. The expectation would be that the full council tax precept limit would be used of £15 per Band D household as local Government's were also struggling

and wouldn't be able to provide grants at inflation levels. The Government were encouraging the maximum precept amount as without the medium term period, budgets were unstable.

The Commissioner referred to the property bandings in the area, highlighting that the majority of properties in South Yorkshire were in bands A to C who would be less affected with the increase than those in Bands D and above. It was recognised that there was already a financial struggle for council tax payers but the Commissioner was mindful of the fact that most properties were below the Band D level. Following a public consultation, members were informed that most people were prepared to pay the increase, and some were prepared to pay the rate of inflation at 10% which would equate to more than £15.

Members were informed that this would be the only way to balance the books this year without looking into potential further efficiency savings from the police force and staffing. If necessary, vacancies would not be filled and they would also look towards redundancies. In addition, the force were looking at priority based budgeting in every aspect of the organisations work to see if any further efficiencies could be found as value for money was important.

S Abbott informed the Panel that a number of additional factors had affected the budget including NI contribution changes, legacy issues for historical civil claims from the Hillsborough disaster and child sex abuse cases, where provision has to be made. The balance over the next couple of years will be made from reserves with £6.2M worth of savings to be found.

The report set out a number of key risks and uncertainties, which were noted by Members.

Mr Carratt asked whether a copy of the questions and answers from the private meeting of the Police and Crime Panel Budget Familiarisation Session held on 31 January 2023 could be reflected within the minutes in order to evidence the scrutiny that had taken place over the budget.

In relation to the Police and Crime Panel Budget Familiarisation Session held on 31 January 2023, it was noted that members had raised questions and were assured by the responses provided.

Councillor Baum-Dixon raised concerns around the prudent use of reserves and what level of certainty they had in reserves to be comfortable. In response S Abbott commented that whilst there was always uncertainty around interest rates and legislation changes, they were confident based on the information they have at the moment.

Councillor Baum-Dixon raised concerns as to whether the online consultation reached all demographics and everyone had a chance to have their say. In response the Commissioner informed the Panel that the survey had been held face to face and online with Engagement Officers consulting out in the Community and a market stall on Rotherham Market to capture the older population. The overall impression gathered was that people were supportive of the Police Force.

The Chair, Councillor Haleem referred to the recommendation in the report which asked the Police and Crime Panel to consider and support a proposed annual increase in the policing element of the Council Tax (the precept) for 2023/24 of £15.00 for a Band D property, which would be an increase of 6.73%. The Panel noted that most properties in South Area are in Bands A (57%) and B (17%) and C (12%) where the increase would be A 19p per week, B 22p per week and C 26p per week.

A recorded vote was taken and recorded as follows:-

For accepting the proposed increase in the policing element of the Council Tax precept for 2023/24 - (7) Councillors Haleem, Moyes, Knowles, Ransome, Davison, Garbutt and Mr W Carratt.

Against the proposed increase (0). Abstained (0).

Councillor Baum-Dixon did not vote for the resolution.

The proposal was approved.

RESOLVED – That Members of the Police and Crime Panel:-

- i) Voted to accept the proposed annual increase in the policing element of the Council Tax (the precept) for 2023/24 of £15 for a Band D property, which would be an increase of 6.73%.
- ii) Noted that most properties in South Yorkshire are in Bands A (57%) and B (17%) and C (12%) where the increase would be A 19p per week, B 22p per week and C 26p per week.

26. POLICE AND CRIME COMMISSIONER'S UPDATE (INCLUDING DECISIONS MADE SINCE THE LAST MEETING)

A report of the Commissioner was presented to inform Members that the Commissioner is supported by the Office of the Police and Crime Commissioner (OPCC) in delivering his Police and Crime Plan, and in effectively discharging his wide range of legal responsibilities.

The OPCC has a Delivery Plan which outlines how this is undertaken each year.

The report provided Members with an update on key PCC and OPCC activities against the new Delivery Plan since the Panel's last meeting held on 5<sup>th</sup> December 2022.

The report also provided Members with information on the decisions taken by the PCC since the Panel's last meeting.

Mr Carratt spoke of the collaborative work with the SYP and local partners in a bid to the Ministry of Justice's women's funding round and the concerns around the delayed outcome to the end of the financial year and what financial year that would need to be spent in.

In response M Buttery spoke of the frustration around the delay but that discussions were being held around the spending rules. The Commissioner commented that whilst these pots of money were very welcome, they often came with an unsatisfactory delay and the need to be spent within the financial year. He expressed that they would like to give more notice and the ability to cover the financial year but the treasury rules stopped them from doing that resulting in an unfair squeeze.

Councillor Garbutt welcomed the Scrutiny Work taking place on stop and search and requested an update of how that was progressing. In response the Commissioner informed the Panel that an Independent Ethics Panel had carried out a thorough look into the area of stop and search and that those members had good interactions with SYP. A regular report is provided to the Commissioner through the Public Accountability Board and the work being undertaken was on a level with other Authorities in the Country. M Buttery informed members that an update on the stop and search levels and work from the Ethics Panel would be circulated to all Members.

Councillor Garbutt requested an update with regards to complaints against the police and how South Yorkshire were dealing with them. In response the Commissioner commented that it was a huge national issue but that all records of complaints against an officer were being looked over again. The Chief Constable had assured the Commissioner that new recruits would be vetted at the face to face interview, at the end of training and then every 5 years. There was a desire to change the culture so that if an officer witnessed anything of concern from a colleague they would report it.

A query was raised as to staff surveys and whether they were undertaken. In response M Buttery informed the Panel that they did conduct staff surveys and these were regularly followed up alongside staff focus groups.

RESOLVED – That Police and Crime Panel Members:-

- i) Noted the contents of the report.
- ii) Asked questions on the matters contained within the report, given it explains how the PCC has over this period delivered his Police and Crime Plan, discharged the wide range of his legal responsibilities, and mad decisions.
- iii) Noted that the Commissioner had agreed to circulate an update to Members on the Stop and Search work being undertaken by the Ethics Panel.

27. HIS MAJESTY'S INSPECTORATE OF CONSTABULARY, FIRE AND RESCUE SERVICES' INSPECTION OF SOUTH YORKSHIRE POLICE FOR POLICE EFFECTIVENESS, EFFICIENCY AND LEGITIMACY (PEEL)

The Commissioner provided Members with an update on the latest inspection of South Yorkshire Police (SYP) by His Majesty's Inspectorate of Constabulary, Fire and Rescue Services (HMICFRS) for Police Effectiveness, Efficiency and Legitimacy (PEEL).

M Buttery provided members with a brief summary of the contents of the report.

Mr Carratt gave his congratulations on the outcomes that showed humility to the Commissioner and his team, the wider leadership team and the force itself. Following this it was then raised as to whether there had been any recommendations received to give consideration relating to Governance, specifically the Panel and tracking through activity.

M Buttery responded by informing the Panel that none had been received, but that they could go back and ask that question.

SYP would continue to maintain its future ambition to build on the journey of continuous improvement and invest its resources wisely to meet policing needs alongside the Government initiative to increase police officer numbers, although it was acknowledged that this would be a challenging journey against a difficult financial future.

RESOLVED – That Members of the Police and Crime Panel noted the contents of the report and commented on any matters arising.

28. REPORT BACK FROM DISTRICT COMMUNITY SAFETY PARTNERSHIPS - MEMBER REPRESENTATIVES

Due to the absence of Councillor Milsom, there were no updates from the Safer Sheffield Partnership held on 12 January 2023.

Councillor Knowles had attended the Safer and Stronger Doncaster Partnership Board held on 24 January 2023 and commented that it had been a difficult meeting to understand due to the complex language used by officers and that it was felt that the meeting was not a good use of Councillors time in attending.

Dr Billings commented that work had been undertaken with officers to write Public Accountability Board reports in a language that was easily understandable. The comment would be taken away and officers would be asked to investigate how reports are presented in future meetings.

The Safer Rotherham Partnership that was due to be held in December 2022 was cancelled, therefore no updates were provided.

RESOLVED – That Members of the Police and Crime Panel noted the feedback.
