Councillor Davison noted the difficulties surrounding a shortage of detectives, and if the numbers had increased in South Yorkshire.

The Commissioner replied that there was a national shortage of detectives, which SYP were acutely aware of. It was noted that detectives worked long ad-hoc hours which was a deterrent for some.

K Wright informed the Panel that the number of detectives in SYP ebbed and flowed, and this data could be shared with the Panel.

The Commissioner informed the Panel that the Prime Minister and Home Secretary had recently visited South Yorkshire to discuss Case and had talked about whether the police could be inhibited in their investigations due to perceived political correctness. However, The Commissioner took the view that progress had been made in this area since 2014 and this was not an issue for SYP. SYP had been commended by HMICFRS for their understanding of CSE and particular reference had been made to the Partnership work in Rotherham between SYP and the Local Authority.

The Commissioner also commented that this could narrow the vision in regards to CSE, and perpetrators were from various different background with significant crime now happening online.

A report was submitted which set out the Quarterly Police and Crime Plan Performance Report for the period April to June 2022 (Quarter 4 2022/23),

produced from the Police and Crime Commissioner's (PCC's) Police and Partners Performance Framework.

- Residential burglaries were still high, however not as high as pre-pandemic levels. This was still high compared to the most similar forces.

Councillor Garbutt asked about the impact of climate change on police forces workload and budget.

The Commissioner responded that this had been tested in the past with flooding events and the extreme weather in July last year, and these events had meant closer collaboration working between emergency services and Local Authorities which would continue for future such events.
